Correspondence and news are solicited from all readers of the Gazette. Every one knows of some interesting facts or happenings that others would like to read about.

While it is difficult to copy or transcribe certain items, there is much of interest both in the name of things, they cannot get. Let your interest in your local paper and try to get your town lead on in making the Gazette more lively and newsy.

FRIDAY, JUNE 4, 1897

It was in the air on Monday and Tuesday that the selection and electric light people failed to agree as to terms on which the light would be turned on. The selection would not be in darkness, as it was to stand light on and after the rest of the month, but the light company not wishing to precipitate a calamity have continued the light pending a settlement of affairs and are to leave the present arrangement intact. The selection are, however, handicapped by the action of the town at its annual meeting held in March, with a resolution of appropriation of a portion of the tax money to be used for the payment of their local reduction in the price per light, even if there was not a question of the price being too high, and in excess of what is paid by other towns. It is not at all clear what the town's action means, however, as it is not being discussed, and we are informed that a meeting of the selection held yesterday, it was decided to call a town meeting in the rink at East Weymouth on the night of the 15th; a week from Tuesday.

Funeral at Forest Hills.

The funeral of Mary Seaver Tower, formerly of Braintree, who recently died in Denver, Colo., will be at Forest Hills chapel, Monday, June 16, at 3 p.m.

The Town Wins.

The case of Anthony Tracy against the town of Weymouth for damages sustained from an alleged defective highway which had been on trial that week at Dedham, was decided yesterday in favor of the town.

A MOTHER KNOWS.

Some Things People Don't Think of.

Just why it is that children at the break of day will beg for a little coffee and after a night of sleep and exercise, they have a deeply rooted desire to have what they had the night before, is not known. I believe it is because the selection were obtained by very hasty and somewhat hasty with a spoon of sugar, and the desire to have it again if it is not hard to get over, when one has three or four in the family, but we can give it to them, and they will be satisfied, everyone knows it affects children, and is almost destined to set before the mother the question, "What to do with them?"

So speaks a thoughtful mother, and the great idea comes to us, blessing to solve the vexed question.

Dr. J. E. Connel, of Weymouth, and Dr. G. E. Stewart, Avon, Chelmsford, Mass., know of your Postum and are very much pleased with it, and are opposed to the use of both tea and coffee.

Postum will pass for coffee with nine out of ten people, and is a great convenience. It has the deep-seated brown of old black coffee, and is rich golden brown, and looks like coffee. It is made wholly and entirely of pure grain coffee, and is the only coffee made by the Creator for man's use in this latitude. Postum, the health coffee can be had in every grocery store, and in all drug stores, and in the canteens at the canteens on Pond Plain and Union Street by details for that purpose.

At 1 o'clock the Post was formed a battalion at Columbia square, South Weymouth, and marched to the Union Street, Bickell commanding the right, H. C. Under command of S. V. C., Thomas B. Nichols, on the left, C. E. cedar company, on the left command of W. H. Hastings; C. D. third in line, in command of J. V. C. Chas. E. Trotter.

"Memorial Exercises in Fogg Hall."

The school children in words 1 and 5 were invited to the Woman's Relief Corps, last Friday to join in memorial exercises in Fogg Hall.

The children, numbering about 120, marched in the hall and filled all the seats in the hall, and were seated by the platform in the rear. The exercises were several veterans on the stage, and were several veterans and the selection of the town was in which the veterans appeared.
